What We Do

We work to create spaces where young people can vision a safer world and take steps toward that vision.

We educate thousands of individuals on proven strategies for prevention of violence and drug use.

We turn prevention theories into practice in neighborhoods and schools to halt the problems that erode the foundations of civility and our community.

Together we build safe, healthy and thriving communities. We could not do this work without our donors, volunteers, partners and our supporters.

Why Sponsor Safe Streets?

Recognition that your company is building a safe, healthy and thriving community.

Putting your company's name in front of hundreds of event attendees and thousands of community members.

Networking with the business and community leaders of Tacoma and Pierce County.

This is Safe Streets.
